PRESIDENT'S REPORT

It was good to see such a large gathering at our June meeting. Missing though was Jim Allingham who is recovering from a mild stroke. We all hope you get better soon Jim.

Welcome to new member Robert Warmington from Albion Park. Robert is 77 years young and has purchased a Model A he wishes to restore. He has restored other cars but this will be his first Model A.

Our next outing on Sunday June 23rd, details

in this flyer. Hope to see you there.

We have now received the tickets for All Ford Day on Sunday July 28th and the CMC day at Eastern Creek on 18th August. They are available for you to collect at our next meeting. If you cannot collect in person please make alternative arrangements.

We have lots of exciting events for you to attend for the rest of the year and in some cases multiple events in the same month. Let's get those Model A's out and show them off.

A reminder to those who wish to go on the President's run to Grenfell and Cowra in September to **book your accommodation** as there is a limited number of rooms left at the Grenfell Motel. Please call Carol on 63431333 to book a room as they are filling fast. Contact me for further information.

Wednesday Wanderers 1st May Report

Fantastic mystery tour organised by Joan & Don Bailey. Twenty Wanderers enjoyed coffee at new Eternity Cafe Central Station, then took a bus and wandered the backstreets of Paddington. We discovered historic terraces, narrow streets and ancient fig trees followed by the Paddington UNSW ART & DESIGN gallery tour. After a crammed lift ride we viewed some unique modern art. Lunch was at Ampersand, a little speakeasy style 3 story book shop where we ate in the moody little basement. Many thanks to the Baileys for a very enjoyable day. We took the train home to Newcastle after a great day with friends. Cheers Di & Peter Paice

The Wanderers 5th June Report.

Despite very heavy rain 15 Wednesday "Warriors" assembled at the Eternity cafe ready for a visit to the Carriageworks Museum. Since the rain was unrelenting and the trek to the museum involved a mile walk with no shelter we opted to settle for a ride on the nearby light rail.

Having boarded the tram like tightly packed sardines and waiting a considerable time, an announcement was made that the light rail was unable to proceed due to flooding of the tracks and so we returned to the cosy warmth of the Eternity for lunch.

Thanks to all who attended and enjoyed the day regardless of the inclement weather.

Model A Ford Club review to RMS of Classic Log Book Trial

Members below is a copy of an email sent out regarding feedback of the current trial Classic Vehicle Log Book Trial. Please read below and if you would like to raise any points please email back to either myself, thetaylor579@bigpond.com or Robert Brown robert_brown58@bigpond.com so the club can put together a submission. We need your written response NLT 30 June. Your email can just say support the current log book system. Thanks.

LOG BOOK TRIAL REVIEW 2019

The RMS is undertaking a review of the Classic Vehicle Log Book Trial. Clubs are able to have input into the review in two ways, through a survey and/or by participation in Focus Group Sessions.

The survey is designed to collect feedback from RMS recognised Historic Vehicle clubs and Classic Vehicle Scheme Approved Organisations that are participating in the Log Book Trial. Clubs are asked to collate feedback from members and submit ONE response per club.

The objective of this survey is to identify:

1. Stakeholder experience with the use of the log book.
2. Whether stakeholders support the log book being made a permanent feature of the Historic and Classic Vehicle Scheme.
3. Any safety risks associated with the additional road access enabled by the log book trial and how these should be mitigated.
4. Whether there are appropriate compliance and enforcement measures in place to identify misuse/non-compliance of the log book

Survey Questions:

1. Please provide the name of your Club
 2. How would your members rate the experience with RMS through Service NSW when obtaining or renewing a log book and responsiveness to questions/concerns relating to the log book trial? (1-5)
 3. Why did you provide this rating? What could be improved?
 4. Has your club experienced additional administrative burden as a result of the log book trial?
 5. Please provide further information regarding this administrative burden.
 6. Has there been an increased interest in club membership since the log book trial commenced?
 7. Has your club membership grown as a result?
 8. Please provide further information regarding club membership levels.
 9. Is there a need to enhance eligibility and compliance of the Historic and Classic Vehicle Log Book Trial to deter misuse?
 10. What additional actions can be taken by RMS to enhance the Historic and Classic Vehicle Log Book Trial and prevent misuse?
 11. Have your members had any difficulty complying with conditions or using the log book?
 12. Please provide further information regarding the difficulties experienced.
 13. Has communication from RMS to update clubs on the status of the log book trial been effective?
 14. How could RMS manage this better? (i.e. email, forums, surveys, mail)
 15. How easy has it been to manage the physical log book?
 16. Please provide your reasons for this rating.
 17. Would a digital or other option be preferred? (e.g. a mobile app)
 18. Should Roads and Maritime Services make the log book trial a permanent option?
 19. Why? What alternatives could be considered?
 20. Please select all registration types that apply to your club:
 21. If you selected other, please indicate the type of vehicle:
 22. Where is your club based? (Metro is considered Newcastle to Wollongong to Katoomba)
 23. Are you happy to participate in further RMS questionnaires or to be contacted further regarding the Historical and Classic Vehicle Schemes?
- questions. Feel free to print this off for discussion purposes.

Looking for this AA, it was restored by my father Bernie Morgan in the late 70's. He sold it to Ron Lam. Does anyone know of its whereabouts as I would like see it again and possibly bring it home.

Model A Ford National Meet Ballarat 2020 Newsletter No 1 – May 2019

Hello and welcome to the first official newsletter for the 2020 National Meet in Ballarat.

The National Meet committee is working hard to bring you another quality National Meet. We will be offering driving tours of the local area and attractions, along with seminars for both men and women.

Having been settled in 1837 by squatters and the discovery of gold in 1851, Ballarat played a significant part in Australia and Victoria's early heritage and democracy. After the Eureka rebellion in 1854 the laws around miners' rights were changed to give all miners a fairer go. Peter Lalor one of the leaders in the rebellion was later to enter parliament as the member for West Ballarat in the Legislative Assembly and later became Speaker of the House.

In this pack you will find the official entry form for the rally and the preferred accommodation list. The committee has worked hard with these accommodation venues to offer a range of options and have reserved rooms. Please support these venues.

Remember you must fill out an entry form to be part of the rally. The first 50 entries received will go into a draw, the prize is a refund of their entry fee. The expression of interest form you may have filled out previously is just that, an expression of interest and is why you are now receiving the entry form.

In the interest of making it easy for the entry co-ordinator, entry numbers will be allocated as entries arrive and payments are processed. Please do not request rally numbers.

Please contact any of the committee if you have any queries or suggestions.

Regards,

Rob Turner
