ISOLATE

Stay home if you become ill and prevent the spread of the illness

Model A Ford Club of NSW Inc

Web site www.modelafordclubofnsw.com.au
June 2020

Club Meetings are held at Holroyd Community Centre, Miller St., Merrylands. The parking entrance is in Newman Street. Meetings are held from 8 pm on the second Friday of each month unless otherwise stated.

PRESIDENT'S REPORT

Another month has past I hope this flyer finds all our members, family and friends safe and well. We seem to be on the winning side of this virus and that the restrictions will be eased further allowing us to get together again, hopefully in July.

Work on the Anniversary lunch

(see menu in flyer), continues to go ahead, but again, the lunch itself will be subject to Government regulations.

I note that the badges have been well received and selling fast. I thank the Members for the interest they have show in our Anniversary.

I had a call from a person in Ballina looking for a Model AA truck that he had bought in 1985. After

restoring it he sold it on in 1996 to a person in the Richmond area. With the help of Ken and Jan Shephard we located the truck and this information and photographs were relayed back to Ballina. The Model A interest lives on! ☺

I've reached the age where my train of thought often leaves the station without me. Trish says I have only 2 faults; I don't listen, and some other rubbish she was rattling on about.

Some useless information that I've learnt in isolation. Did you know on the Canary Islands there is not ONE Canary, and on the Virgin Isles? Same thing, not ONE Canary there either..... ☹☹

I received an email from Ken Warburton, thanks Ken I noticed you found my Star.

Until next time,
stay safe

Saturday 14th November - 50th Anniversary Luncheon at Lilly's Function Centre Seven Hills

Sunday 15th November - 50th Anniversary Run to Prospect Reservoir.

Sunday 13th December - Christmas Luncheon Run to Berowra Waters Fish Café.

Why belong to a car club?

I joined the Model A Ford Club in 2008 when I purchased my 1928 Phaeton. I found the club offered a very friendly atmosphere and help and advice about restoration and maintenance of my Model A Ford. I did not realise at the time how lucky I was to have purchased such a popular vintage car, and that there was a club unique only to this car. So everyone was singing from the same page.

I have learnt so much about the Model A Ford over the past 12 years, and met so many lovely thoughtful people. If you ever got stuck with your car, there was always someone who would step up and help you.

Recently I placed an advert in the Flyer for a repairable oil pump. I had many responses offering me an oil pump that I could recondition. But I had one response from the UK, Hedley Revett, who I met in 2013 on a Model A breakfast run at McCarrs Creek. Hedley was visiting his son, saw our cars and came over for a chat. He had a Model A in the UK. I took his details and put him on our email list. He emailed to say he sold his Model A, but had a new oil pump, and would like to send it to me. He refused any money for the pump, and mailed it out.

I was so lucky, but it also reinforced how sharing with other members knowledge and some times parts is one of those wonderful aspects of being in a club. Money can't buy that friendship, thank you Hedley and Sandy Revett.

Rob Taylor

Can you solve this puzzle?

At Creepy Beasts Inc., three of the most dreaded animals, a tiger, a wolf, and a bear, sat in their boardroom in silence while they awaited their boss. Then, Mr. Tiger broke the silence.

“Isn’t it odd that our surnames match our species, yet none of our surnames match our own?”

The wolf replied, “Yeah, but does anyone care?”

They sat in silence again...

Can you figure out the surname of each animal?
(Answer on back page of Flyer)

Current COVID19 Restrictions.

We were hoping restrictions might ease for June to allow a picnic run, but at this stage it is only for clubs, pubs & cafes.

From Monday 1 June 2020, pubs, clubs, cafes and restaurants in NSW will be able to have up to 50 customers on the premises at once.

Venues must follow the four square metre rule.

- ***All customers need to be seated, and they can be sold liquor without food.***
 - ***Encourage customers to book ahead to avoid queuing.***
- Maximum of 10 customers per booking.***

If we wanted to do a picnic run at the moment we can only have ten people.

Activities permitted

- ***Public gatherings of up to 10 people.***
- ***Use of outdoor equipment in public places, with caution.***

So hang in there, we might get out in late June or July if the rules change. We will let you know.

50th Anniversary Badges.

There are three badges available to celebrate our 50th Anniversary in November.

- Cloth Iron
- Gold Metal Radiator Badge
- Smaller hat badge.

\$25 the set includes postage

VEGETARIAN — VEGAN — GLUTEN FREE AND LACTOSE FREE OPTIONS AVAILABLE

SPARE POINTS ALERT: CHECK YOUR SPARE MODEL A POINTS

After COVID 19 lockdown, I went to shed to put new points in my spare distributor. To my astonishment I found the brand new packets of points that were under my seat did not fit and perhaps many others have same under their seat, but we would never be able to fit them on the roadside.

Bosch GF82V in Yellow Packet right (Made in Japan) which we have been using, have now been superseded by Bosh GF82V in Blue Packet centre (Made in Turkey). Without a lot of modifications, the Turkish Points will not fit in the distributor. Yellow GF82V are no longer available. The S82V Fuelmiser brand on left needs same modifications as Blue Turkish points.

The correct points are Brattons P/N 17450 sold in Australia by Dave Slater in Albury who has an advert in Model A Flyer. Dave was surprised about the issue as he had Bosch Turkish points in his store. As we have done a fair bit of research he is now currently ordering a good supply of the correct points from Brattons.

You may be lucky enough to still have the YELLOW box points, if not give the Blue Turkish ones to someone who has a Cortina as that is what they should fit.

Since the wolf replied to Mr. Tiger, his surname can be neither Tiger nor Wolf. Therefore, the wolf's surname is Mr. Bear. Subsequently, Mr. Tiger must be a bear, and finally, Mr. Wolf must be a tiger.

Solution to our puzzle.
