# Presidents Report

Dear Model A Ford Club Members,

Hello everyone,

A big thank you to the 2024/2025 committee for their hard work over the past year, and a warm welcome to the incoming 2025/2026 committee. With a bit of luck—and plenty of enthusiasm—we can make the coming year just as successful as the last.

My apologies for the delay in publishing this flyer. I managed to mix up my publishing months and had it in my head that the next edition was the December/January issue, completely overlooking November, Luckily as the January Twilight run was cancelled

due to weather and the December run being the Christmas BBQ there is not much to report meaning this edition will be lighter than usual.

We have plenty planned for the year ahead, but we're still in need of events and want to hear your ideas for future club runs. If you have a suggestion, please pass it on to Peter Wigzell.

Speaking of Peter, the recent club run to the International Truck Museum was, in my view, one of the best outings we've had in years. If the opportunity arises to visit again, I highly recommend making the trip.

Our December BBQ was also very well attended. Unfortunately, I couldn't be there due to a prior commitment, but I'm told the turnout was excellent, with many members arriving in their Model A.

Finally, a quick reminder: if you have a vehicle on club plates through our club, please ensure your membership is renewed. If you remain unfinancial, your vehicle is considered unregistered and uninsured.

Yours in Model A'ing.

# International Trucks

November 16, 2025

We recently had the rare privilege of visiting the International Truck Museum for an invite-only tour of the Pace family's extraordinary private collection. As the founders of Pace Eggs, the family has amassed an impressive array of vehicles—hundreds of fully restored examples, along with an even larger number of unrestored trucks patiently awaiting their turn for preservation.

A local hot rod club joined us for the day, adding another layer of interest. Alongside the incredible truck collection, there was a strong showing of Hot Rods and Mustangs, giving us plenty to admire from every direction.

Our club was well represented, with many members making the trip in their Model A's. Bill and I attended in his '66 Mustang GT, which fit right in among the visiting hot rods.

A sincere thank-you goes to the Pace family for opening their doors to us, and to Peter Wigzell for organising such a memorable outing.

If we're ever fortunate enough to be invited back, it's an experience well worth attending.
